To Whom It May Concern,

My name is Julie Simpson. I am a citizen of Chateauguay. I was born and raised in Chateauguay. I am writing today because I am against regulation 215, The deforestation of the Forest Fernand-Seguin.

Through-out my childhood my parents would spend many countless hours visiting the ecological centre. We would often spend Sunday afternoons exploring the woods. Our young child's imagination would run wild in that forest. If we would lucky, we would often come across different animals, chipmunks, foxes, deer, and many different species of birds. I now, spend countless hours with my own 4 children in these woods, allowing their own imaginations to run wild. These animals will be lost without a place called home. The wooded areas that I grew up with and want my own children to continue to grow up with will be lost forever.

Please stop the regulation 215, allow our future generations to enjoy, appreciate these beautiful wood lands.

Thank-you for your time and understanding,

Julie Simpson
